IT'S YOUR TIME TO SHINE

Step into our workshops and explore baking, chiselling, getting your hands dirty with clay, planting seeds, weaving on a bicycle wheel, feeding cows on our social care farm, and so much more.

"It's nice to work together."

GET A RECOGNISED QUALIFICATION

This is huge! If you choose to, you can work toward gaining a recognised qualification in doing what you love.

We offer **Occupational Studies** and Creative Crafts qualifications. We will support and guide you towards achieving these. For example, you can work and learn in our **LEARNERS' CAFÉ**. Here you will learn how to bake, serve customers and gain other important skills.

The **Creative Crafts qualification** will bring out the artist in you. Discover your creative and artistic self in our wide range of workshop settings!

ADJUSTING TO YOUR NEEDS

You are welcome to join us on a short-term or long-term basis, **tailored to your needs**. This means you can work in one or more workshops, do a project or even come with a group of friends if you want to do something different together.

"I did my RQF, I made tea light holders out of wood with shells, and they were on exhibition at the Strule Arts Centre."
